

Past Conference Report of “4th International Conference on Anesthesia”

Amber Valentine-Forston

University of Kentucky, USA, E-mail: amber.valentine1@bhsi.com

4th International Conference on Anaesthesia was successfully hosted by Conferenceseries LLC Ltd in Valencia, Spain during July 01-02, 2019. The conference was organized around the theme “Current Research and New Frontiers in Anesthetic field” with the purpose to strengthen the future of Anesthesia and Surgery.

Active participation and generous response was received from the Organizing Committee Members, Editorial Board Members of Journals as well as from Eminent Scientists, Talented Researchers and Young Student Community. All the support and cooperation from the Organizing Committee Members, Researchers and the Speakers had made Anesthesia 2019 a successful event.

The highlights of the meeting were the enlightening keynote lectures from:

- **Juan A. Mira**, Hospital of Clinical Doctor Mira, Plastic Surgeon, Spain on the topic “Augmentation mammoplasty: a 40 years’ experience”
- **Ernesto Delgado Cidranes**, Complutense University Madrid, Spain on the topic “Real-time neuroaxial inflammation in lumbar pain through PET-MRI: Looking at the future”.
- **Vakhtang Shoshiashvili**, Research Institute of Clinical Medicine, European University, Georgia, on the topic “Transnasal sphenopalatine ganglion block for postdural puncture headache treatment after spinal anesthesia – case report”
- **Ashraf EL-Molla**, Prince Sultan Military Medical City, Saudi Arabia, on the topic “Victims and culprits of evidence biased and chaotic medicine presented by hemodynamic monitors”.
- **Ulf Thorsten Zierau**, Saphenion, Germany, on the topic “Our experiences in 7 years sealing veins-a follow- up study conducted on 2250 truncal saphenous veins in 1250 cases”.
- **Sang-Hwan Do**, Seoul National Univeristy, South Korea, on the topic “Effects of intraoperative magnesium sulphate administration on the incidence of chronic postsurgical pain in patients undergoing total knee arthroplasty”.

The conference proceedings were carried out through

various scientific sessions and plenary lectures:

- **Title:** Telemedicine and telerobotics: From science fiction to reality by Melissa G Medina, University of Illinois College of Medicine at Peoria, USA
- **Title:** Anaesthesia for robotic surgery: Patient positioning, ergonomics and clinical pearls by Shagun Bhatia Shah, Rajiv Gandhi Cancer Institute and Research Centre, India
- **Title:** Review and update: robotic transanal surgery (RTAS) by Steven S Tsoraides, University of Illinois-College of Medicine at Peoria, USA
- **Title:** Treatment of proximal humeral fractures-osteosynthesis and alloplasty of the shoulder joint by Karol Szyluk, District Hospital of Orthopedics and Trauma Surgery, Poland
- **Title:** Management of primary graft dysfunction after heart transplantation by Nikola Bradic, University Hospital Dubrava, Croatia University North, Croatia
- **Title:** Thoracoscopic video-assisted sympathectomy for the treatment of hyperhidrosis: 20 years’ experience with minimally invasive technique, by Lago G, University of Parma, Italy University of Rome Tor Vergata, Italy.
- **Title:** 7 years’ experience in migraine surgery with minimally invasive and endoscopic technique, by Edoardo Raposio, University of Parma, Italy Tor Vergata University of Rome, Italy.
- **Title:** Novel approaches to anesthesia in electroconvulsive therapy, by Mohsen Jahandideh, Isfahan University of Medical Sciences, Iran
- **Title:** Surgical management and outcome of complex bile duct injury after laparoscopic cholecystectomy, by Yamin Zheng, Xuanwu hospital-Capital Medical University, China
- **Title:** Pleth variability index based intraoperative fluid management in head and neck free flap reconstructive surgeries, by Itee Chowdhury, Rajiv Gandhi Cancer Institute, New Delhi, India
- **Title:** Simple and effective profiloplasty by Juan

A. Mira, Clinica Doctor Mira, Spain

- **Title:** Maintenance and governance of perioperative informatics management systems by Seshadri Mudumbai, Stanford University School of Medicine, USA
- **Title:** Arthroscopic Bankart lesion repair with a suture anchor – long term results by Karol Szyluk, District Hospital of Orthopedics and Trauma Surgery, Poland
- **Title:** Evolution and literature review of robotic general surgery resident training: 2002-2018 by David L Crawford, University of Illinois-College of Medicine, USA
- **Title:** Artificial intelligence in Anesthesiology by Harry Mc Grath, University Hospital Limerick, Ireland
- **Title:** Vestibular profile in auditory neuropathy spectrum disorder by Tejaswini Patel,, Narayana Health City, India
- **Title:** Low Level Laser Therapy and Neuromuscular Electrical Stimulation in ENT Rehabilitation: New therapeutic resource by Andrea Signoretti, University Center São Camilo, Brazil
- **Title:** A Laser-Patterned Microcoagulation (LPM) Technology: Clinical study of gingiva regeneration in implantation zone by Ekaterina A Zernitckaia, St. Petersburg State Medical University, Russia
- **Title:** The Effect of Radiofrequency ablation and Mitomycin C in the surgical management of Human tympanostomy, could it be the end of the Grommet era? by Shaimah Najmussaqui, Taiba Hospital, Kuwait

We are glad to inform that all accepted abstracts for the conference have been indexed in Conference Series LLC Journal, "[Journal of Anesthesia & Clinical Research](#)".

We sincerely thank the Organizing Committee Members, Participants and Media Partners for their gracious presence and generous support, without which the conference would not have reached the pinnacle of success. With the unique feedback from the conference, [Conference Series LLC](#) would like to announce the commencement of the "[4th International Conference on Anaesthesia](#)" during June 10-11, 2020 in Frankfurt, Germany

Let us meet again [@Anesthesia 2020](#)
